

Join Us for Our Summer Solstice Concert!

Wednesday, June 20th, 2018

5:30 pm - 9:30 pm

Lakewood Heritage Center - 801 S Yarrow St., Lakewood, CO 80226

Join New Energy Colorado's Solar CitiSuns and COSEIA as we celebrate the Summer Solstice with a fantastic outdoor concert and evening of fun. The event will feature live bands, food, drinks, and a few inspiring speakers. Guests will learn how to stay engaged in our efforts to expand strong solar markets. This event benefits New Energy Colorado and our efforts to engage Coloradans in creating a more sustainable future.

We are inviting businesses to sponsor this event to support our efforts and to showcase their business in the Colorado market. Many solar business owners and decision makers will attend this event. It will be an excellent opportunity for your organization to showcase your commitment to clean energy.

This is a chance for all of us who care about Colorado's solar progress to come together and celebrate our success while building financial support for the challenges ahead in the policy realm. Together, we can continue building stronger solar markets and grow our industry into the mainstream energy source.
