

## **Summer Solstice Concert** **at the Lakewood Heritage center**

801 S. Yarrow St., Lakewood, CO 80226

**Wednesday, June 20, 2018**

5:30 pm – 9:30 pm

Celebrate solar energy in Colorado on our longest day of sunshine. Join with solar workers and solar supporters to enjoy an evening of **fun in the sun with live music, food and drink, lawn games, and more!** And explore the grounds of the Lakewood Heritage Center.

- Almost 6,800 Coloradans work in the solar industry. In 2016, nearly 1 in 50 jobs created in the U.S. was in solar energy.
- Solar represented the largest source of new electricity capacity in the nation last year. Colorado has installed more than 997 Megawatts of solar, ranking us 12<sup>th</sup> in the nation.
- More than 200,180 Colorado households have decided to go solar and save money with this clean fuel-free energy source on their homes and businesses.

This CitiSuns event will benefit New Energy Colorado, a COSEIA-affiliated educational nonprofit that supports outreach, education and policy to help solar energy thrive. Together, we can build stronger solar markets and grow our industry!
